WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My dear children, may the Peace of My Son be within you.

When the Divinity recovers the spiritual spaces that up until now had been subjected by the enemy, and especially when the Plan of God recovers innocent souls, that had once been subjected to suffering, hopelessness and material perdition, this means and represents a visible victory of the Redeeming Love of Christ over all darkness, it means that His servers of the final times, that is, His apostles, will surrender in the face of any condition so as to give their lives and their service for those who suffer and are most vulnerable.

Inevitably, the triumph and conquest of these spaces, through Love, represent a challenge in the face of those conditions of adversity and chaos. This is why the servers of Christ offer to be instruments of the Lord regardless of the consequences and without measuring the possible risks.

This is not an expression of fantasy or an act of fanaticism, rather it is an action moved and conferred by the Holy Spirit which, in its inalterable aspect and through committed servers, can bestow Graces, miracles and solutions that had once seemed impossible.

I speak of this in the example of the Angola Mission which today in its first stage reaches the end of a cycle, and from today onward reaches a new stage, which is entirely free from spiritual, moral and inner knots. A new stage that promises more rapid and efficient concretions for a region of the planet such as Africa, conditioned and buried by the lack of social and political transparency, and interfered with by the interminable vice of corruption.

This is where My Son is entering, through His Spiritual Consciousness, because it is in these spaces, seemingly lost and lacking a material solution, where all will start from scratch, where the poorest souls among the poor will see light, love and faith be reborn in their marginalized lives.

For this reason, all spiritual movement has a material repercussion that is a part of those anonymous sacrifices that may be offered to Christ for the triumph of His Love and His Mercy in Humanity.

This is why I am deeply grateful for all that which in such a short time was built in Africa, because it is something indelible that will remain in the Heart of God, and nothing will ever be able to dissolve it, because it was an action of Love that healed the pain.

I thank you for this humanitarian mission and for having responded to the call of My Son!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
