Special Message of the Virgin Mary, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Sister Lucía de Jesús

The Children of Mary are the expression of My Love for humanity; they are the ones who must be a living testimony of My Presence in the world, souls that committed themselves to Me a long time ago, to be part of this Marian army.

The formal consecration of a Child of Mary does not mean the expression of a preference. It is an impulse that God sends to the monads of some of His children and, in this way, also gives an impulse to all of humanity.

All are potential Children of Mary, but some have the commitment to express this consecration in a formal manner because they will be the reference for many in the end of this time. This is a form of consecration requested by God for these souls that are called to activate the Marian Spirit.

To be a Child of Mary is not a material commitment; it is a purely spiritual commitment that souls have to My Marian task. Upon them, I will build the foundations of the temple that I will erect throughout all of humanity.

These are souls that were willing to face great tests, which they will experience in the end of times, and yet, they ardently persevere in their love for My Heart. They are called slowly, because each soul has its moment of confirmation, and only God knows when that moment has come.

Let those who are not called to specifically fulfill this task not be distressed, because if that does not happen, it means that it is not yet time, or that another part of the Plan of God is theirs to fulfill; a part that only their soul will be able to accomplish, and which will be a fundamental piece in this great work of God.

My children, do not wish to guide the Plans of the Lord, which are hidden and mysterious. Simply surrender your souls and your lives into His Arms and allow Him to place you in the correct and necessary place for this time. Later you will know what is yours to do if, with trust, you do what I tell you.

I love you all and I thank you for having faith in My Heart.

Your beloved Mother, the Virgin Mary
