DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Just as in a previous cycle, I conducted you through the path of humility, of service, which goes beyond the works of charity, and I also taught you about the love for the Kingdoms of Nature, and now, children, I come to teach you to elevate yourselves beyond the human condition.

As a divine contradiction, in reality, children, I come for you to know the Truth and diminish the power of illusion. Your hearts are anchored on the Earth because you do not know the Truth about yourselves, nor about God, His Kingdom, His Plan; you do not know the Truth about Life and you spend the days of a unique cycle of definition identified with something that is not real.

The Time of God is approaching and nothing nor nobody will be able to stop this event. The definition that marks this cycle talks about how each being, and the consciousness of the planet itself, will cross the threshold to a New Life. Will you become dust like everything that comes from it? Or will you leave the dust to the wind and allow the nothingness, which you seemed to be, reveal the unity with God and make you part of an infinite Whole?

I come, in this cycle, to help you to define your paths. It is not that the voice of just one Messenger is not enough, because God in Himself, in His silence, is sufficient, but the presence of three Divine Messengers, instructing humanity in a unique and extraordinary form, never seen before, is the symbol of the perpetual Mercy of God; during a time in which the traits of His Justice have already began to appear, as in the writings of the Sacred Books, which dictate the destiny of humanity.

Therefore, children, in this cycle, let gratitude permeate your hearts and drink from the Words of God as a thirsty being who knows how to value each drop of water that is offered to them. This is the Water of Life in a time of spiritual thirst. Drink and multiply this gift for the world.

Your Father and Friend,

The Most Chaste Saint Joseph
