Daily Message of Mary, Rose of Peace, transmitted on the Eagle of Light bus during the journey from the city of Florianópolis, Santa Catarina, to Porto Alegre, Rio Grande do Sul, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

To love the Plan of God means to experience certain challenges that go beyond the maturity of the consciousness. Each challenge placed on the path of the disciple, be it physical, mental or spiritual, is so the consciousness may take a greater step than one has ever taken.

That moment is interpreted as a transition when the shift is from one school to another, or as a purification when something inner is purified. One who has faith, will manage to overcome both challenges and will be able to teach others who are going through the same lessons how to do it. This does not mean that the Father wishes for what is most difficult for His children, for He is the Father of Love.

When the life of an initiate draws closer to the path of holiness or of a total consecration to the Plan of God, the spirit forges other experiences so that the soul, the mind and the heart of each being is able to be defined.

There will never be two paths to come to Christ; it is for this reason that all souls, at a certain moment in their lives, have the possibility of choosing the path of perpetual discipleship or the path of ministry; one will place them in the school of instruction of life and the other on the path to learning to serve better every day.

At this time, a large part of humanity is being placed on the path of purification so that, at some point, souls may define the next steps of their evolution.

The trajectory of the spirit is traced by the experiences in life, those of the soul and by the decisions made by the spirit of each being on facing the Call of God.

In this last cycle, there are many souls that are placed on the path of complete surrender. This allows the consciousness to face and come to know aspects of their being that were previously purified over longer periods.

Due to the need for pure souls on Earth, the Plan changed the direction of events. With souls in a greater state of purity, humanity will be saved, and the less prepared consciousnesses are called upon to accomplish this purpose.

It could be that your life is within that project and you have not yet perceived this; today I come to reveal it to you. Take care of this sacred request of God.

I thank you for responding to this important celestial convocation!

Who encourages you,

Your Mother Mary, Rose of Peace
