DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS?????

Often the human eyes cannot contemplate the planetary reality and do not find a real reason for their own transformation or something that may impact them in a way that generates an immediate and complete change in the being. That is why, in these times, I come to the world to instruct you, in order that you can know sublime realities of existence that may lead you to a superior quest, to the surrender of life to a higher purpose, which is the Purpose of God. I come to try to open, in humankind, not the eyes of the body, but the eyes of the heart.

I do not come to bring to the minds, concrete facts and scientific teachings that prove the veracity of the existence of a life superior to life of this world. I come so that the heart feels, in the simplicity of My words, that God calls you to remember. And that your own consciousnesses, touched by the presence of the Divine Messengers, may find the lost path to your origin.

As Our Lord, Christ Jesus has told you, the Kingdoms of Nature suffer by the ignorance of humankind that seeks power and usufruct in everything. And this ignorance is the same that does not allow you to find the truth about the human heart.

By saying this, those who know how to listen, and who meditate on the words of the Messengers of God will understand that all of them conform the same thread of light, which is trying to lead humanity to a single awakening.

Listening to the words of Christ¹, do not think that they are for the others, but rather try to know, in your lives, in what point you are failing the Kingdoms of Nature; how far you only seek to physically, emotionally and mentally usufruct from the Kingdoms; and from where you are consciously trying to collaborate with their evolution.

Your work group must be only one, united in the Purpose of God. While some are with Christ more directly, liberating and transmuting the roots of millenary evil, the others must be seeking these roots within their own consciousnesses in order to extirpate them with the power of the Mercy of Christ. Thus, all together, you will be able to lead humanity to transformation and to give all human consciousness the opportunity to live something superior, and to seek the life of spirit.

I love you and for this I teach you to understand and live the Will of God expressed in the words of His Messengers.

The Most Chaste Saint Joseph
