DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Perceive, My child, the time of purification, and together with Me contemplate the unfolding of the recent events.

Perceive, together with Me, how everything is purified inside and out of beings, and how immediate prayer is, which helps to balance all the situations in life.

Perceive, together with Me, how everything happens, and how important a union of souls with God is, so that creatures may have a place to hold on to when everything happens.

Perceive, together with me, the Silence of God toward His children and the invisible help of the higher levels for the current humanity.

Perceive, My child, together with Me, how everything is about to happen and how important the change and maturity of the consciousness is.

Perceive, together with Me, the moment for giving all for the Plan and for the redemption of humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
