**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MAR DEL PLATA, BUENOS AIRES, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

As Mother of the Sun and Mother of the Universe, I come to the world to pour out, upon souls, the fundamental principles of redemption, the same principles and attributes which My Beloved Son once experienced during His public Life, His Death, and also during His Resurrection.

In the form of precious codes of light, I bring these principles from in My Maternal Heart, so that souls who come into contact with My Immaculate Heart, may receive this most powerful Grace of conversion and of pity.

In this time, the path of prayer will help the souls that are determined to regain this important Christic legacy, which will shape them for the coming times.

That is why, children, it is important to bear in mind that each new moment of prayer and of communion in your lives may be climactic, since you will have the Grace of re-contacting with these very high degrees of Love.

Today I leave to the world the latent memory that the divine merits, once achieved by the Sacred Heart, will cause this humanity to be rescuable.

I thank you for responding to My call!

Who blesses you from soul and heart,

Your Mother Mary, Rose of Peace
