DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SANTIAGO DE COMPOSTELA, A CORUÑA, SPAIN, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The Work of God manifests on Earth through instruments awakened by the Will of God.

Each instrument that works for the Divine Will receives the learning it needs to pursue, so that finally it may learn something within the school that it was supposed to experience.

In this sense, to work for the Plan of God requires an absolute giving of self, an absolute surrender of life, and an absolute sacrifice for others.

When the instrument of God is protected under certain spiritual and monastic conditions, it is very evident that the results of Divine Will for this consciousness will be something different.

When the instrument of God is involved in unstable conditions and does not have the necessary spiritual protection around it, the repercussions of Divine Will in this consciousness will be few.

With this, I want to tell you, dear children, that all souls hold the potential for consecration.

For this reason, throughout time and throughout My various Apparitions, the majority of the visionaries had to choose which path of learning they would tread: that of consecration, or that of the world. Neither is better than the other, it is just that the souls of Earth are responsible for taking certain steps, so that the Divinity may maintain Its Work on the surface.

While at a place where the Most Holy Mary has appeared for many years, if this vision is not kept clear, it is necessary to protect the Work from humanity itself, for the hands of humankind, because of temptation, manipulate and take advantage of the divine events that the Celestial Universe carries forward in some places upon the planet.

This profit that many extract from the essence and the energy of spirituality, for example, from the Marian Centers in the world, sooner or later becomes an unpayable debt, because the human being is using an Energy and a divine Principle for their mental and spiritual benefit. This is what your Heavenly Mother struggles with because, in the end, those who took advantage of this spiritual Energy will come to an unhappy ending.

Let us pray then for all the hearts that dirty themselves every day with those manipulations, and that make the Marian Centers of the world commercial places of money and business, for Justice will consciously fall upon them.

As a Mother, I pray to the Father to have the greatest Pity, and I invite you to do the same along with Me.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
