DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Contemplate, within your prayers, the feeling of Love from God who, comprehending the duality of the universe, manifested to His creatures the Sources of Grace, healing and love from the cosmos.

Contemplate the feeling of Love from God who, knowing human fragility, created within the Earth sacred enclosures, receptacles of the records of the purest experiences lived by beings, in Heaven as on Earth, receptacles of the most sublime energies that circulate within Creation, receptacles that attract to the planet the spring that comes from the Divine Sources of the cosmos and which is shed upon Earth for the souls who need it most.

Learn, in your prayers, that all these Graces are available to the beings who acknowledge needing them and who, aware of their miseries, clamor to the Father for His Mercy. And this Mercy descends carrying all the divine assets manifested by the Lord, for the evolution of His creatures.

Learn that the feeling of Love from God is not extinguishable and It only grows, multiplies and renews itself. Therefore, never forget, in your prayers, that the Father expects you to ask, so that all may be given to you.

Thus, raise your word and your heart, and ask for healing for the diseased, ask for Grace for the forsaken, ask for Love for all beings, ask for Mercy for this planet.

You have My blessing for this.

Your Father and Friend

The Most Chaste Saint Joseph
