MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE DESERT OF CHILCA, PERU TO THE VISIONARY SISTER LUCÍA DE JESÚS

I am the Mother of the World, the Universal Mother.

I am She Whose authority does not come from this Earth, but simply from the Heart of God.

I am the Lady of all times, She Who leads creatures from the beginning to the end, not only in their lives in this world, but in all of their evolution, from origin to origin.

I am the Lady of the Universe and also the Celestial Mother, a living part of the Divine Consciousness, Who comes to Earth in these times to allow you to wake up.

Today I brought you to the desert so that you could enter the desert of your hearts and there, find the essence of the Brotherhood.

This new cycle, My children, will mark a definitive stage, in which hearts must unite with the Cosmos and discover the universal mysteries, like those mysteries that are held within the planet.

Today I brought you to the desert because this is the refuge where I take My children when they most need it.

It is in the inner desert where consciousnesses can experience the synthesis for these times, can assimilate the lessons of the past and build the new foundations for the future.

It is in the desert, in apparent solitude, where it seems as if nothing exists, that your hearts unite with the Brotherhood, with Heaven and with the Earth, with the true time that exists beyond the illusions of this world.

It is by finding the void within you that you will turn to God if you are open to that.

Today the Universe stops and places its eyes on the Earth, on the four corners of this world, in the invisible of the planet.

Those who came from the beginning to serve in this human Project are today in prayer, because the time has come, My children, for humanity to grow and find its true origin in the Universe as well as in the Heart of God.

Today the Portals of the Cosmos open to the Earth, and the invisible worlds are shown to the human heart.

Heaven dresses up to celebrate, in spiritual rejoicing, to impel creatures to find the purpose of their evolution in the fulfillment of this Plan.

Today your Celestial Mother, in the desert, ignites all the Mirrors of Heaven as well as of Earth,

ignites the Mirrors of the hearts of Her children, to thus build the path, the bridge that connects the whole expression of Life.

My Heart comes to the world to open a new cycle, in which I want to see My children living in fellowship among themselves and with the Universe.

I want to see the Mirrors of your hearts radiating the new life that emerges from within you and is reflected in the human consciousness.

I bring you to the desert so that you may find the truth about yourselves and live based on that truth, rather than on the illusions of the world.

Let My Greater Mirror be reflected in your hearts.

Children, let what is purest in you be able to emerge and that in this meeting with the Universe, you not look at your errors, do not think about the deviations you experienced so long ago, but rather that you find again that universal Reservoir, that purest vibration that, like a sweet sound, I heard echo in My Immaculate Heart at the moment when your essences were created.

Enter the desert of your inner world, where you will be able to demystify the human condition so as to reach the void and there, find the All from which you apparently came so long ago.

Today I call you to an inner maturity, to an awakening and union with My Immaculate Heart, so that in Me you may find the essence of life.

Today, in this desert, a mystery is being revealed: the real life that exists on Earth and hides in the simplest, purest, most humble places.

It is within this planet, invisible to human eyes, that the Will of God expresses. It is where silent nature and the communion between all the Kingdoms exists, that the Will of God expresses.

It is in the humility of those that no longer look to be known by humanity, who serve this planet in silence, that the Will of God expresses.

It is in the unconditional surrender of consciousness that could be evolving throughout the dimensions, but that meanwhile, continue on Earth to guide and lead humanity, even though many do not know it; that is where the Will of God expresses.

It is in the perseverance of those who do not look at human wretchedness, but rather the potential for love that exists in the essences, that the Will of God expresses.

Today, children, contemplate within yourselves all of the Beings of Light who came to the Earth since the beginning, all the Centers of Love that hide within the planet, with the hope that human eyes may one day see them.

In the sacrifice of those Centers of Love, in their humility and in their silence, find the true meaning of your lives, and when everything seems difficult to you, remember that there are those who serve untiringly and surrender their evolution so that humanity may take a small step in this world.

Today, the Mirror of My Heart reflects the sacrifice of the Cosmos in you, those that responded to the call of God, beyond the dimensions, so that in this new cycle, you feel inspired to experience this same sacrifice out of love for others, to forget yourselves and in humility, experience renunciation, surrender, in the depths of your being.

Feel inspired by the desert, so that in this state, you experience the times that will come.

The fortitude of the Centers of Love is held in silence, and it is there where the fortitude of My children must be found.

Be like this desert, silent yet full of the Power of God; humble and empty, yet holding within itself the Greatest treasure of this planet.

In these ten years, My children, when I have been at your side, let your consciousness walk on.

On this anniversary, may you commit yourselves to continue with Me, reflecting My humility within yourselves, loving this planet as I love you and serving humanity as I serve you.

I am the untiring Servant of God and I call on you to be untiring together with Me.

On this day of celebration, on this day of glory, I invite you to build a path of hope for the new time, where reflected in you, My children, souls see My Sacred Presence.

Let the Heart of God find a hope in human evolution through your steps.

Let the whole Universe feel the pain of the sacrifice experienced since the Origin be worth it for the triumph of the human Project and, as a result, the triumph of universal Life, the unity of every creature with the Heart of God.

With these words, I give you an impulse and I bless you.

I thank you infinitely for responding to My call and I hope, children, that not just ten more years go by, but rather that all eternity may come and that you will be at My side.

I bless you in the name of the Father, the Son and the Holy Spirit. Amen.

Your Mother Mary, Rose of Peace
