**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

As the Mother of Heaven, today I invite you to an inner encounter with My Son through the adoration of His Sacred Water and His Divine Blood. Contemplate these two principles of the glorification of Jesus so that your hearts may fill the soul under the Gifts of Christ.

Today also, My children, meditate and feel the gift of the transfiguration, because in your union with Christ you will understand the Wisdom of God. May the Holy Spirit participate in your lives and, united to the Sacred Water and the Divine Blood of Jesus, may you drink from the Fount of Salvation and wonders in the name of humanity.

Dear children, today I call you to consider in your prayer all the Gifts from the Lord, the Most High, Gifts that manifest themselves through His Favorite Son.

In your sincere union with Jesus, you will help to balance many souls that must reach the Light and the conversion through peace in this time. A soul that is truly on the path of conversion is permeated by the Merciful Love of My Son. He is the one who in truth guides them and conducts them towards the Doors of Heaven.

Dear children, today live this union with Christ from heart to Heart and from spirit to Spirit, because in this spiritual exercise of unity you will concretize in your hearts the beloved and honorable Will of God for your lives.

Be partakers in the time of Divine Mercy, and through prayer, propagate the Spirit of Peace to all those who need it.

Today again I form instruments that live the path of salvation and that, united to Christ, must radiate the inner love from the heart. Souls cry out for help, although many hearts are blind to this inner call.

This is why today I call you to prayer for all of them so that your brothers and sisters may also be participants in the merciful time. Be vigilant in the prayer of the heart.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
