WEEKLY MESSAGE OF SAINT JOSEPH TRANSMITTED AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Place your heart, child, in the Crucified Heart of Christ, where you will understand the essence of emptiness, surrender, divestment, humility, the true meaning of having nothing nor wanting anything for the self, the true meaning of surrendering your life for others.

Place your heart in the Crucified Heart of Christ and you will understand the meaning of fullness, a fullness that does not come from this world and does not become filled with anything that belongs to it, the fullness of being in God beyond all and any circumstances.

The time and the hour has come for your being to learn to be in God and live the essence of His Project of Love, because everything has already been given to you for this: all the instructions have been given to you, all the Graces have been given to you, all the gifts have been given to you so that now, child, you may know how to divest your heart of yourself, of the world and its promises, and enter into the essence of the Purpose of life.

Do not go through the world without fulfilling your primary mission, which is to fill your heart, your spirit and your consciousness in the likeness of Christ, with His Christic path. And that means to live like Christ in His surrender, in His Love, in His submission, and in His emptiness.

Do not seek something else for yourself other than the Purpose of your Lord, and embrace everything which leads you into the fulfillment of that Purpose.

Love this cycle of the planet with your heart, because you came to the world for this. Do not fear testifying to an empty heart, do not fear testifying to a perfect Love. And to reach this emptiness and this Love, you must first live the divestment, the purification and an absolute surrender of everything you still hold on to with your hands.

Thus, simply walk in faith, and on this walk, where only the silence of the Creator will accompany you, let your steps also be silent, but full of the certainty of the triumph of Christ through your heart.

The world is in agony, child, and its suffering has no limits. The anguish of souls makes no sense and is unexplainable, has no measure. And to repair and balance this, the Creator calls upon His companions to live His Words and His Law, to live His Purpose and His Love.

Will you say yes?

You have My blessing for this.

Your father and friend,

The Most Chaste Saint Joseph
