DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

Child,

If you want to see fraternity being the premise for the human relationships in the world, elect to be fraternal above all your needs. You already know how to do it and how to be it, but you still have not been willing to come out of your comfort for this.

I know that, for many, it is beautiful to admire the spirit of service and of charity in the other, and it is much easier to think that, for yourself, it will happen in another way, because you will be fraternal and charitable based on your points of view, but not as God calls you to live.

Your consciousness has already a sufficiently resounding voice in your interior to indicate you the path and show you the moment and the situations that need you. Be mature to promptly say "yes" and to assume an act of charity, as simple as it may be, as the most important one.

Learn to be in the present without immaturity, and yes, to take your responsibilities and to watch over the task you have been assigned to, but never ceasing to help the neighbor, when any situation presents itself.

Remember that, before being an entrepreneur of Christ, you are His servant. For this reason, before thinking about the achievement of your own goals, even if they are for the Lord, be humble and a servant of the Christ who inhabits in the interior of your brothers and sisters and who hide Himself in the hidden side of all things. If you proceed like this, you already will see how great goal will achieve the Lord by means of you, who does not only have the appearance, but also the spirit in Christ.

Do not go about observing your brothers and sisters: be yourself unique, different, authentic and true in all things, trying to live what you already know, without expecting the others to do it. Because you also know that everything needs an engine to impel to transformation. Be yourself this living engine, encouraged by the Spirit of Christ.

Give your tiredness to the arms of charity and elect to yourself the eternal rest and not the temporary one. It will no longer be the resting that will nourish your bodies in these times, because it will only be the fullness in the Spirit of God and the experience of the Gospel of Christ that will keep you standing up. Therefore, be as you have studied.

Do not let any indication of your inner world to pass unnoticed to you: respond to the voice of the heart in everything; thus, it will speak each day louder within you.

Your Father and Companion, your Friend,

The Most Chaste Saint Joseph
