DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Keep your heart in peace through the Source of the Divine Mercy, and become an instrument for God to shed His Graces upon the world.

Contemplate the great need of the planet, of the souls and of Creation, and strengthen your faith in the Divine Mercy, in the certainty that with it the hearts will find hope to start again.

May no sin be eternal before the Source of Divine Mercy. May no wound remain open, beyond the one from which the Grace of forgiveness and redemption flows into the world.

At this time, God hands you everything, not just for you to experience redemption, but also for you to guide humanity through this path. Be thankful, every day, because He placed you on the path of prayer and the choice of love, and fearlessly experience the leanings that lead you to this.

May each lived experience strengthen you at this time. May each moment lead you to the experience of love.

Your Father and Friend,

The Most Chaste Saint Joseph
