APPARITION OF CHRIST JESUS, IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN, DURING THE 1ST MARATHON OF DIVINE MERCY

Prayer: Our Father (in Aramaic)

Friar Elías:

Please, can a brother of Casa Redención, at the request of Christ, bring a loaf of uncut bread.

Following, Friar Elías del Sagrado Corazón receives the daily [Message of Christ Jesus](#).

Song: "Be in vigil and pray always".

My Sacred Hearts, today I am glad to see faces washed by the Fount of My Mercy and feet liberated from all the dust of the past, renewed in soul and in spirit; I give you on this day also My Grace.

In reparation to the Heart of Our Father, I ask that you offer the remaining beads for God, for your love of God, so that He also sends His Mercy to the rest of the world, to those places that are in shadows and where My Light has still not entered.

When I asked for all these prayers, everything had a spiritual and universal end that, through your grace and love, has been accomplished.

Thus, in the end times I will ask you for impossible things, and you will be able to confirm that you can do them when you simply unite with Me in the purpose, in the mission, for the good of all and for the peace of all.

And so, on this afternoon of Mercy, My Heart of Light approached you from Heaven, traveling from the heart of the universe to here, to radiate My Love and My Peace to you.

Each one of you has a commitment to Me. For that reason, to some I will ask for everything and others will know what they can give Me. We are in a time of definitions, of consecrations to the Will of God so that all souls, which are behind you, may also receive a merciful opportunity. Thus, the network of souls in the whole world, which receives the impulses of My Light and of My Mercy, will be able to free themselves and achieve the promised redemption.

Dear ones, before My farewell and My thanks, know that My Presence is not only with you, but with all the inner selves of the whole world.

In this way, My Being is returning to Its home, to the house of Its companions, to remind you of your origins, the true face of each being, the spirit of each one that are still unknown to you because of your veils. But My Grace comes to remove your veils and free you from sin, restoring you in

God, in His Primordial Source, in His merciful Love.

Know that what I requested of Faustina, today I am requesting of you; but I am also asking it of all of humanity through those who truly listen to Me here and in their homes.

I am grateful because you are seeds of Light that establish My Heart in your hearts.

Now I will listen, in Glory to God, in this celestial and terrestrial unity that has been established through My Sacred Heart, in this definitive hour, I will listen to the singing of My consecrated, and I will also consecrate, before you, the bread, which is My Body, the wine, which is My Blood, to seal a profound unity so that you do not forget about this moment with Me.

If you are here today, My dear companions, it is because your souls have listened to Me. Thus you will be able to understand, in this hour, that what responds to God is the spirit in each of you, a spirit that at the end of days, will merge with God, with Me and with the universe.

Song: "Kyrie Eleison"

Friar Elías:

In the name of the Almighty God and the Holy Spirit, Jesus says that those who can kneel, do so.

In the bread and the wine, I will sow a cell of My Body and of My Blood.

Friar Elías:

Together with Christ, the monastery will intone the Our Father (in Aramaic).

Seven rings of the bell.

"You expired, Jesus, but Your Death caused a spring of Life to flow for souls, and the ocean of Your Mercy flooded the whole world. O Source of Life, unfathomable Divine Mercy, flood the whole world, pouring out upon us up to the last drop of Your Blood. Amen."

Go in peace and be renewed through My Heart.

In the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías:

It would be important that all the brothers and sisters know about some things that He permitted to be revealed. First, today He told us that He was coming from the heart of the universe, from Heaven. And from there, He arrived here very strongly. He did not come alone, but rather accompanied by other Hierarchies of the Light that, with much reverence, were in His Presence.

At a certain moment, near the stage, the universe opened and, as He said, for some seconds the universe and the Earth were one. And in our inner beings, He had us experience another time, different from this one, different from this physical time. When He made this movement as if it were a mudra, we perceived that not only we were in another time with Him, but also all those who were connected with Him at that moment.

At a certain point, something strange suddenly happened; with His Consciousness, He entered into the communication media, for example, the internet, and His energy travelled through the internet. Not only His Presence was unfolding in the homes, but also He was arriving in those spaces that needed a lot of light.

Suddenly, behind the Master, a stairway appeared that was of light blue color and that rose to the Heights, toward infinity. He was surrounded by Hierarchies of Light, and on His left and His right two energies began to descend, which we also did not understand what it was about at that time, but He asked us to observe so as to hold that information.

What we understood is that those two energies were coming directly from the Father-Mother Creator. When the Hierarchies of Light that were around Christ saw that movement, they immediately revered it, took a posture of reverence, and we perceived that they were feeling something that went beyond their capacity, it was something greater, more powerful.

Those two energies that were coming from the Father-Mother Creator united through the Heart of Christ. At that moment, He told us about some things regarding the task of prayer we have been doing from yesterday till today.

And while He was speaking, He was not speaking only for us, but was speaking for all those that were joined with Him. At that moment, He was still circulating on the internet with His Consciousness.

When He spoke about the network of souls, we understood that it was a state in which we were all immersed. He was explaining to us that it had to do with the point or the moment at which we were in our spiritual evolution, and through that state, He works with the whole planet.

And when He continued with His Consciousness in these communications media, He did two tasks in one: He helped, assisted, saved what was necessary for that hour of Mercy, while He transmitted the message. We then found ourselves facing a completely supernatural situation and we met a different Face of Christ than what we knew until this time, the Face of the true Redeemer of the Universe.

We realized that today, a part of Him came to us that was closer to His material, physical Consciousness. For this reason, He told us not to worry about what we felt or saw, to let Him do the task, to trust that everything was alright.

He told us that, as a result of the Marathon, sixty percent of the task that He had foreseen was now accomplished. In that sixty percent, He was able to help a large part of the planet and was telling us that, in that hour, in the meeting with Him, the Marathon was concluded, but that He asked for a greater effort for God from us.
