APPARITION OF CHRIST JESUS DURING THE 33rd MARATHON OF DIVINE MERCY, IN THE CITY OF FLORIANÓPOLIS, SANTA CATARINA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Our Father...

In the name of the Father, the Son, and the Holy Spirit. Amen.

On this afternoon I come as the One Who Transfigures all things and to you, companions, I present the Face of My Transfiguration, which you too must achieve in your lives, in service and in prayer, so that finally, the world and humanity may become free from all the sins that deviate souls from the purpose, from the path that Christ, your Lord, has called you to walk in this hour.

I know that many of you must enter this path; that is why things are so difficult.

But My adversary will not triumph. The triumph will be of the Heart of God, the Father.

Today I come here, companions, with all the rejoicing of Heaven and the Universe, to again show you My Face of Transfiguration, which radiates your beings to transform your cells and atoms, in the precious project that God has foreseen for you.

This, companions, is also the Work of My Divine Mercy.

Accept the convocation that I present to you today.

Fully live a life of prayer.

Serve your brothers whenever you find them in great need. And that need must not only be material, but also spiritual, because souls suffer in their spirits. Many souls suffer in this critical time.

I would like that your hearts perceive these things, because the world needs to wake up from this deep sleep in which it has been placed.

I lived the cross for you and now I live the spiritual cross for humanity. Who will share it with Me in this hour?

I know that your beings do not know what true suffering is. That is why I lived it for you in that time, so that you would not suffer in this hour, neither your brothers, nor all those who you do not know in this current moment of humanity.

For those who are new, I would like you to adopt My Sacred Heart and set aside the habits you adopted in your lives, the habits which are not of the evolution of God.

Thus, I need you purified in this time, so that you may enter the Kingdom of My Father in consciousness and participate of all the treasures that I want to deposit in each one of you.

I would like, companions, that you aspire to celestial life, not as something unattainable, but rather as something close to you, as it is today, in this sacred meeting with Me.

That's why I open the Doors of the Heavens, so that your miseries may be transformed and the sins of the world not weigh so heavily upon the planet.

As from today, companions, you must be consistent with Me in your attitude of life and in the practice of good examples. Because this is My last call to humanity, before everything is precipitated, which is something that humanity does not expect because it believes that it will never happen.

Just as you see the sun born on the horizon, so will you see the day become dark, and that will be the sign that you must be ready and in permanent vigil with Me.

So, companions, you will know where to be and you will not despair over the things the world will say, because the truth will be in your hearts, that which I have been teaching for two thousand years and which today I give you again so that you may participate with Me in this preferred union with My Spirit.

I would like you to count all of the times that I have already been with you and how many things I have told you over time. In this way you will understand, companions, that My Purpose continues to live in the consistent hearts open to respond to the call of the Most High, in the liberation of your lives and of all the debts that delay your evolution.

I would like you to open your eyes to what is real and abandon the illusion of this humanity, of a fictitious realization that has nothing to do with spirit, because, companions, your true treasure is in the heart.

You will leave this Earth carrying this experience to the place in the Universe that will correspond to you, and to the Lords of the Law you will present all your efforts, all the goals that you have fulfilled in your spiritual life, in the work of prayer and of solidarity for your peers.

That is what is real for this time, companions.

In this way, your lives will be a miracle and you will see miracles happen around you and in each one of your brothers. Because who is transfigured achieves everything and is in God, within His infinite Purpose.

This is why I have come to bless you on this afternoon, to untie the knots of consciousness, everything that prevents the souls from walking towards My Heart, because if today you listen to Me, companions, your brothers also must listen to Me through you.

In the Universe, energy is economized. That is why nothing is lost and each moment is blessed and sacred for you, because in the end, you must live your mission and no longer be lost in the world.

Reflect to your Father what you truly are.

Express the love that you still have not given to your brothers.

Unite in a single brotherhood and be confirmed as My apostles of the new time.

So when I return for the second time in Glory, you will not only see Me come in Light, but also with the thirteen angelic legions that I have chosen to re-ignite the world in Liberation and in Redemption, and turn this sacred planet, so very abused by humankind, into a blessed sacred land, at the beginning of a New Humanity.

For this reason, companions, do not only care for yourselves; learn to care for your brothers and acquaintances.

Do not allow your brothers to enter the darkness.

Through prayer of the heart, fervently plead to the Celestial Father, offering My Sacred Heart for the world, and wait; wait in silence, because the response will come. The time is indicating it.

And now, companions, let us pray so that this Transfiguration may occur in those who must be transfigured by the Fire of My Spirit and of My divine intercession, to thus realize and accomplish the Project of God on Earth in this last era.

Let us repeat:

Transfiguration, Transfiguration, Transfiguration!

Ray of upliftment and transcendence, dwell in us. Amen. (x3 times)

And now, I not only come for your souls but also for the souls of the world and for all those who must reach peace.

Thus, today I give you this blessing, so that you may be renewed in My Presence.

While I am present, offer these elements in adoration to God and sanctify your lives in union with the Holy Spirit.

Song: You are the King

And to think when I least...

And to the Heart of our Father we will lift up this offering, in remembrance of the Passion of Our Lord and of the sacred opportunity that your Master, Christ the Redeemer, left for everyone through a perpetual Communion with His Body and His Blood, divinized in all spirits of the Earth that always commune with His Sacred Heart.

In the name of this sacred ceremony, companions and of all the angels of Heaven that are assembled here for the Redemption and for Peace on the whole planet, I institute the transubstantiation of this bread and of this wine for the redemption of souls and the hearts that will eat and drink of the Spirit of the King.

In the name of the Father, the Son, and the Holy Spirit. Amen.

I bless you and thank you for having received Me in this place.

And while I rise up, follow along with this song as the proclamation of your souls, in union with the Sacred Heart of Jesus and of His infinite Love for each being of this planet.

I bless you in the name of the Father, the Son, and the Holy Spirit.

Go in peace and be the peace in these times; wherever you go and to those you find, only give peace.

I thank you!
