**SPECIAL MESSAGE OF THE GLORIFIED CHRIST JESUS TRANSMITTED IN FATIMA, PORTUGAL,
TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESUS FOR THE 117TH
MARATHON OF DIVINE MERCY**

In the name of the Father, the Son and the Holy Spirit. Amen.

Behold the Lord of Shambhala, the Light of God that has always shone in the East, the Light that initiated many consciousnesses into the sacred path of ascension and transcendence.

Behold the Sacred Light of Shambhala, which reverberates throughout the times and generations, the Light that inspires and awakens religions, for a favored union with Creation.

I Am the Lord of Shambhala, who impelled, on the inner planes, the unity between peoples and cultures, from the East to the West.

Behold the Star of Light of Shambhala, which perpetually shines on the inner planes of the Sacred Gobi Desert; the Light of the Star of God, which guided the great masters of the East, which consecrated many yogis and consciousnesses to attain the path of self-transformation and liberation.

Behold the mysterious and unknown Light of Shambhala, which instituted, from the beginning, the Spiritual Government on the planet, which opened the doors to the self-knowledge of beings, and manifested the Wisdom and Compassion of God.

Behold the return of the Lord of Shambhala, who announces His Return to the world for all generations and peoples; who will come to unite, through inner communion, all cultures and religions.

Behold the Lord of Shambhala, who writes with His own Hand the Law of Creation, who forges, from the human heart, the true warrior, the eternal server, the one who is capable of giving their life for Me.

Be welcome to the Kingdom of Shambhala, to the Infinite and Cosmic Wisdom that impelled and awakened the first peoples of the East of the planet to enter into communion and unity with Creation.

The mysteries of Shambhala reveal themselves for the peacemakers of the Lord of Shambhala, for those who know how to identify in themselves the Signs of God.

Behold the Lord of the transmuting Light of Shambhala, Who will eradicate the incorrect laws of the Earth and replace them for the Divine and Cosmic Laws, because the Spiritual Government of the Lord of Shambhala is approaching, and the consciousnesses are touched by the Light of the Sacred Kingdom of Shambhala.

Just as it was in Israel, the Light of Wisdom and Compassion re-emerges from the East, and many, many who were consecrated in the past, who always followed the footprints of the masters, will again find in this time the reason and cause for serving the God of Creation in the end of these

times.

For this reason, remember, remember the Light of Shambhala, the Eternal Mystery of God that was unveiled in the Gobi Desert, and has guided and conducted many peoples who have faith in what is immaterial.

Today, sacred forms emerge from the Heart of Shambhala and express their sublime creative geometries to replace the matrix of evil of this world, convert, transmute and liberate it, until it becomes the archetype that the Celestial Father needs for this Project.

I Am the Lord of the Heavens of Shambhala. I come to announce the New Time. I come to grant the last opportunity. I come to remind you of your origins, preciously held in the stars.

Behold the Lord of the Temple of Shambhala, which is not visible to the physical eyes, but which is visible to the eyes of the heart. The soul that intuites the Light of Shambhala, sees itself before this Sacred Temple, which has been founded here on this planet, from the beginning of the Earth, to institute spirituality in this world. This is one of the seven mysteries of the Source. As the seals open, the Light of Shambhala is gradually revealed through the Lord of the Desert.

The Lord of Shambhala gathers again His disciples, after many schools and experiences lived on this planet so that, at this culminating moment of the Earth, the disciples and followers of the Lord of Shambhala may make their spiritual synthesis, and so that, through the center that rules the heart, the fiery currents of this universe, the sublime impulses of the Source, through the rays and currents, may reconstitute this planet on a spiritual level.

But it will not be through confrontation and battle that evil will be dissipated from this humanity, but rather like the great monastics and yogis from the East, who, with their heads on the ground, recognize the Light of Shambhala and the time of compassion that comes to heal the human heart, and comes to liberate the spirit of each being from the marks of the errors from the past, dissolving the shackles of perdition, cleaning and purifying the paths and pathways of each one of My disciples. Thus, before the great Portal of Shambhala, which unites today all religions and peoples of this planet, may the Grace be granted to start this Sacred Project of humanity from scratch.

Therefore, the Kingdom of Shambhala comes today to meet you, to meet each heart that has faith in the Divine Light, to meet each heart that perseveres in its ascension and transcendence.

The Light and the Lord of Shambhala come to meet those who strive to be consistent with the Law of the Universe and with the Law of Earth, so that peace and harmony may be established in this time of pain.

I promised I would return. Behold the Face of the Lord of Shambhala, who reveals Himself through the prayers of His children and consecrates those who have defined themselves to follow the steps of the Master among masters.

Shambhala returns to present itself to the world for the last time. The Light of Shambhala comes to prepare the coming movements of the Spiritual Hierarchy in this last phase of the second semester of this year.

The Light of Shambhala will come, as it does today, to reorganize the Laws of Manifestation and internally impel the establishment of the Government of Christ. Although this may seem premature,

it is not so, because the Light of Shambhala is original in its Wisdom and in its Science.

Many consecrated monastics and disciples have contacted it. From the extensive deserts to the high mountains, from the Gobi Desert to Tibet and from Tibet to India and beyond that nation, the Light of Shambhala has manifested itself through the masters.

Thus, We make you return to the beginning of the Origin, because those who have decided to follow Christ the Redeemer, and have taken the step to consecrate their lives to the Law, will imperiously need the inner guidance of the Light of Shambhala.

Behold the Solar Son of Shambhala, who, through this new Marathon of prayer, opens the doors for the next cycle, after the last August 8.

Many will be the works to accomplish, perhaps few will be the self-summoned, but do not forget to serve the Lord of Shambhala out of love and for no other reason.

May the inner strength of each one emerge from the love that you have for the Wisdom and Compassion of the Great Kingdom of Shambhala, which always has the task of guiding the Plan of Manifestation in the different spheres of consciousness.

I rejoice today for those who work in this world for the causes of wisdom, peace and compassion and, even more, work giving their lives for the presence of the Higher Love in this world. Because without Love souls die, without the Love of Shambhala souls precipitate into uncertain decisions.

Behold the Heart of Shambhala, which presents itself as a teraph, permeated by the pure, innocent and inoffensive experience of many of My disciples of the past, from the East to the West.

May these Words strengthen you, encourage you to follow the steps of the Lord of Shambhala, knowing that there will be a lot to do for this humanity in this time of harsh purification.

But do not forget something: the Light of Shambhala, which is radiated by the Love of the Creator, will always triumph, will always win in those who have faith in it.

May this Marathon be a re-encounter with the wisdom of the East so that you may be sustained in all works that you will carry out in these months, building the Plan of Manifestation of God in this humanity.

From the Sacred Gobi Desert, who blesses and encourages you, your Master,

The Lord of Shambhala

In the name of the Father, the Son and the Holy Spirit. Amen.

You may go in peace.
