APPARITION OF THE VIRGIN MARY IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARIES FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS AND SISTER LUCÍA DE JESÚS

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

While My ears listen to the melody of your hearts, I come to speak to you about the depths of your essences, which are what is most valuable to God.

Today I come to find you in the stillness of spirit, in the perseverance of continuing onward so as to be able to meet My Son again in these end times.

Today I come from Heaven with great joy and motherliness. We are at the threshold of a great meeting in August, in which all of humanity will carry out its synthesis to begin to live a new cycle with the Lord.

Beloved children, everything you experience in these times is part of a great inner purification; do not despair, My children. I Am your hand, the hand that guides you on the path of redemption and of rehabilitation. Thus, I pray for you every day of your days, so you may finally achieve the redemption of heart and spirit.

Your path on this Earth has a reason. This great experience of love that you must live, must serve God in the future and the whole universe, which will avail itself of this experience of redemption in the times that will come within this galaxy.

Dear children, like a great Star of the universe, today I draw closer to you and aspire every day to ignite your inner stars. Because the real path of redemption is to be found through the illumination of your hearts, which is the result prayer brings you through a life of service and of charity.

But today I am not here alone with you. I come with all of the universe, so that every day you live this great coming together again with your true higher spirit, in which the real answer is to be found, within all of your existence.

God created you so you could learn and grow in love. I come to teach you that very simple but true path; thus, as your Most Holy Mother, I am persevering and patient. It has already been eight years that I have been walking at your side, dear children, lifting you up from the ground, freeing you from persecutions and disturbances, so that your real spirit in Christ may accomplish the mission that it has come to carry out in this world.

And if you live that personal mission God granted you, the 144,000 apostles of Christ, the saints of the end days, those who are written down in the Bible, will appear in this cycle to fulfill their true mission in the Plan, the Purpose of God which must be accomplished above all things.

Through your lives, beloved children, the new Project of God can be written, and in His blessed

Heart are written the first signs of your redemption. But you must be patient, meek and humble so the Holy Spirit may dwell in you and Its powerful universal Gifts are able to transform your lives completely, until the smallest particles of evil can be dispelled.

You know, My children, that the world is going through its spiritual decline. But I still find fervent souls in the four corners of the planet, who are My true planetary mirrors that can radiate My maternal Purpose through the attributes I granted your lives.

My maternal aspiration, My children, is that at the end of your days, when you have crossed the threshold of lessons, you have been able to experience the attributes I gave you in 2007. Such very simple but true attributes, which will make you like God and your brothers and sisters of all the universe.

Thus, this Project has still not ended. And in spite of the great debt humanity has, of the assaults done to the Kingdoms of Nature, the Mother of the Universe, the Pachamama, is patient with Her children, with all of the disciples of Christ that must wake up in this end time, to rediscover the path you have lost among the illusions of this humanity.

I Am your Mother Earth; I Am also your Mother from Heaven, I Am the great Spirit of Nature that circulates through this humanity, bringing the breeze of the Holy Spirit, the fruits for all the souls that decide to be seeds of My great Tree of Wisdom and Creation.

So throughout these years, I have been working with each of you. I have been performing little miracles of love in your lives, which My Son has allowed Me to do in the life of all spirits on Earth.

Today I ask you, My children, to not look anymore at your mistakes. See the results of your change. Meditate, reflect on and become aware of all you have transformed in your lives; and this has been possible, My children, through the powerful action of My maternal Grace.

Today I open My arms and extend My hands to the world. I hope to have you all close to My Heart so you may feel the beat, the Immaculate Heart of Mary that continues to beat for this humanity, pleading for this Project of God so that at least it may be accomplished in a coming Christ. Thus, I will be able to withdraw from this humanity. I will be able to continue walking among the stars, instructing other beings throughout this universe. Because I will have seen, My children, that My Plans of Peace were accomplished in your lives and the New Christs were born out of a spirit of humility.

Sister Lucía de Jesús transmits the Words of the Virgin Mary:

It is for this reason that tonight, in My Mantle I bring all the stars of the Cosmos, so that each of you remember what you came to do in this world, because your souls know that the evolutionary path has no beginning or end on this Earth.

The Creation of God, My children, is infinite. And in this end of times, I come to show humanity that it has been blind for a long time; but the time has come to open your eyes, the eyes of the spirit and the heart, and contemplate the Origin of your essences, of your spirits in infinity. An origin that observes you each day, which awaits with love that you may remember that existence, so that you

no longer only experience material things.

Let all of your attention, My dear ones, not only be focused on life on Earth, because Reality beats at the center of this Cosmos.

The Heart of My Son, Who was upon this world, today reigns in Infinity, inviting you to follow in His footsteps. Christ, My beloveds, came to this world to be an example to you, to leave the footprints where you must place your feet.

But for this, you need to believe in what I say to you, because My Words are not pronounced only to touch your hearts. They must enter into your consciousnesses and allow you to reflect, to seek the Truth that I place in each word that I bring to pour over humanity, to dispel the illusion of human hearts.

Just as I Am the Mother of Jesus, I Am the Mother of all the creatures of this world. Thus, I come to instruct you, to lead your souls toward the Will of God; because the Creator, My dears, never desisted from His Creation. Every day He sends one of His Messengers to the world, in the eternal hope that at least a few are able to accomplish His Holy Plan.

I come to the world because I know it is possible that those who listen to My call may definitely transform, and especially in these times, in which the darkness is great, but Light is also infinite; and supreme is the Presence of God in the world, in His Servant, in His Son, Those who come to meet with you to guide you to infinity.

As from this August 8th, My children, I will lead you to a new awakening. There will be no doubts that can cloud the hearts of those who listen to Me, because My Voice will be clear, will reveal the Truth that many did not want to see; because the time is coming in which the veils must fall from the human consciousness, and that each being of this world, prepared or not, must discover the divine mysteries, must find the Truth.

I come to meet with you so that at least a part of humanity will have their heart ready to experience this great transition of the planet, a transition that does not come just to cause you to suffer. Who knows the true reason for this transition, glorifies God every day; because for each minute that goes by in the time of this world, they know it is one minute less they will need for finding the Creator.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary;

Children, Aurora covers itself in its best clothing to wait for the self-called in this sacred meeting we will experience in the days of August, in which you will remember that the Mother of God and all His Messengers touched this soil to make it blessed and sacred, so that each of you, as hearts in redemption, should enter by the doors of inner healing.

I Am the Great Star, I Am your Mother of the world and I come to ignite new stars, through the Children of Mary which I come to bless, with such maternal Love. In this way, My armies take shape at different points on the planet, so they may be living torches of the fire of Christ, of the transforming and liberating fire, through the power of prayer.

Let the children I will consecrate today come here, and I invite everybody to be here in August, in the Presence of Christ, your Lord, from August 4, after which you will experience, My children, the last chance for planetary redemption, before the doors of the transition open.

I come to bring you an awareness of what each one of you truly are. You are not matter, you are spirits of the Source of God, of the Source of Love and of Unity.

Let us sing, for the Children of Mary present themselves at the altars of the Most Holy Virgin.

I thank you.

Dear children, through the blessing granted Me by the universe and as Mother of the Holy Spirit of God, in the Triune Presence of the Son and the Eternal Father, I bless you and consecrate you, under the universal absolution of all the faults committed to the Sacred Heart of Jesus.

I hope you are renewed and breathe the air of the universe, for the healing touched the door of your hearts.

I thank you in the name of the Father, the Son and the Holy Spirit.

Song: "Hymn of the Children of Mary."

Mother María Shimani de Montserrat:

So what we were able to hear from Our Lady, both in the Message She transmitted today in the morning, as well as what She said to us now, during the Apparition, She has begun to fulfill a promise She made to us some time ago, that She was going to reveal the truths of the universe and that we have to have our hearts open; because it was important, in this time, that our humanity knows how it is that the Celestial Universes manifest, and what the relation is that our world and our humanity really have with this universe.

She told us She was going to give us this universal Legacy and has begun today, with great love, to try and place us within this universe.

It will be in our hands and our heart to listen to this instruction of Our Lady, and through that wisdom which comes from the Divinity, truly understand who we are, where we come from, what it is we have to do, what our mission as beings and humanity is, and how we have to carry it forward.

In this way, we will accompany Our Lady in these new instruction and new revelations, which will carry us, as She said today, into infinity.

Friar Elías del Sagrado Corazón de Jesús:

We want to thank everybody for having accompanied us.

Mother María Shimani de Montserrat:

And as Our Lady said today, all our consciousnesses will prepare for August, when we will have more revelations, and as Our Lady said, humanity will do its synthesis and will fully and with awareness begin the longed-for transition. So let us prepare.

Many thanks to everybody, and thank You, Mother, for all that You give us!
