APPARITION OF THE VIRGIN MARY IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE MEETING OF PRAYER OF DECEMBER 25, 2021

In the name of the Father, the Son and the Holy Spirit. Amen.

Bring the Child King here.

Behold the One who has given His life for the world and who would keep giving it for all eternity.

Behold the Child that was prophesized and announced by the angels.

Behold the Messiah, the Redeemer and Savior, who, in Divinity and Spirit, is reborn today in the hearts of humanity, in all beings of goodwill.

Behold the One who loves you, who knows you deeply, who awaits you and waits, with His open Heart, for you to receive His Graces and His Mercies.

Behold the Son of God, the Son of David, the One who was visited in the simple and humble Grotto of Bethlehem by the shepherds and Kings of the desert.

Behold the One who was in the arms of Saint Joseph and in the arms of the Mother of God.

Behold the One who knew what He was coming to this world to fulfill, and did not doubt, not even for a moment, all that God asked of Him since the beginning of His Birth until His Death on the Cross.

Behold the God of Life, the God of Mercy, the God of Peace.

On this Christmas, may the Inner Christ reignite within you, and, like the Child Jesus, may you be in the Arms of God, in the Arms of the Divine Mother.

Everyone, keep this clear within your memory: the One who was born in the Humble Manger of Bethlehem, the One who preached, healed, exorcised and liberated the souls of this world, the One who carried the Cross of the world and supported all the sins of the world upon His Back, as He carries them, even up to today, the Child of the Annunciation is today the King and the Governor of this universe, He will be the One who will return in Victory and in Light to this world in darkness, to again raise souls to the Heart of God, to separate the wheat from the chaff, to invite all those who followed His Path throughout the times and generations.

Behold the One who was blessed and protected by the Sacred Star of Bethlehem, the One who will come among the clouds as He has announced to His companions and to all who followed Him in those times.

Behold the Presence of God, alive in the Sacraments, and, especially, in the Sacred Eucharist. God became human, became humble and simple, became small and even inoffensive so that He could be understood, recognized and loved.

It is this Love of the Little Child Jesus that can be born in your souls and hearts today, that is present today, that descends today to the world in the Spirit of Love and Grace because, know this well, His Love is unchangeable, His Love is non-transferable, His Love is eternal, His Love is divine and sublime.

This is the Child that was in My arms, as you can be in My arms today, fully trusting, in spite of the tests and the deserts, in spite of the clashes and the challenges, and even in spite of the doubts, that the Inner Christ of each one of you can be reborn again!

Understand this Message that I bring to you today, because the Little Child was born in a Manger so that all could understand the immensity of the Humility of God, and that His Power is not based on authority, on monarchy or on imposition. His Power is ruled by Love and this Love is what, throughout the times and generations, has led and guided souls. It is this Love that descends from the Source through the Nativity of the Lord.

Now, like this Little Child, for an instant, sit in My arms, in the arms of the Mother of God. And, for a moment, just as Jesus was in the arms of the Servant of God, being taken care of, accompanied and even caressed by My kisses, feel, within your Inner Christ, the great kiss of the Mother of God.

Remember when you were small children, perhaps you do not remember, but your mothers of the Earth do know what that moment was, not only for them, but also for your families.

Is it not wonderful, My children, to be in bliss under the Love of God? And, knowing that this Love is simple and renews all things?

Therefore, trust that you are in My arms and let all your doubts dissolve, all your sorrows and sadness disappear, and, impelled by My Love, the Love of the Virgin of Nazareth, again feel that you are in My arms for a moment so that you may know that, through My Heart, God loves you and loves the whole world despite its errors, its mistakes and even its distancing from God.

Together with the angels, who accompany Me today, let us rejoice in our hearts, because the Child King has been born in the world and His Divine Light is returning for all, the same Light that shone during the sacred night in the Grotto of Bethlehem, when the shepherds, Kings of the desert and even the little animals, with their warmth and closeness, took care of the Little Child Jesus, while His Heavenly Mother, in deep ecstasy like Saint Joseph, contemplated the greatness of the Love of God in the Little newborn Child.

All the mothers of this world know what I am telling you, they know what it means and represents to have had their children in their arms, to have fed them, to have helped them take their first steps.

Would you not do anything or make all efforts to safeguard the family Project, which is a Project of God?

Would you not be capable of giving your lives so that the children of this world who are orphans, lonely and abandoned may have a worthy home where to live?

Or so that the hungry children may have the food they need to nourish their bodies, have the hands of men and women of the Earth, in self-giving and service, who can embrace, kiss and protect them?

Have you not yet discovered how wonderful the Love of God is? This is why He made Himself small to become similar to all His children and creatures.

May this Child, who can be born again in the hearts of those who say 'yes', may this Little Child bless you and always make you remember your innocence and inner humility.

Now, let us place Him back, because He is a newborn.

Let us pray to the Father, the Son and the Holy Spirit so that this simplicity and humility that I bring to you today, from the depths of My Maternal Heart, awaken in many more souls, above all, in the souls that need Love, Light, Peace and Mercy.

May the Light of the Sacred Family of Nazareth accompany you and impel you to keep walking so that you can see the Footsteps of Christ along your paths, until someday you reach the Eternal Paradise of God.

And we will withdraw with a song that resounds very much within My Heart and that has resounded and will keep resounding in the hearts of My children, which is the song "Sacred Heart of Jesus".

Because God, having been born, offered His Temple to guard our dwellings. He offered His Divine Fire and He will keep offering it, through the Holy Spirit, to illuminate our paths. This is the Sacred Heart of Jesus, unfathomable Source of Love and Unity, which nourishes souls through His Divine Fire and His Peace.

I bless you, at this Nativity of the Lord, and I bless the whole world, all those who trust Me, because I am the Virgin of Nazareth, the Lady of the Most Holy Rosary, the Queen of Peace.

In the name of the Father, the Son and the Holy Spirit. Amen.
