APPARITION OF THE VIRGIN MARY IN NAZARE, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My son and My daughter, dear souls of the Earth,

The Mother of God approaches you to console you and strengthen you with the aim that, in these times, the apostles of Christ, who are being purified and transformed, may keep having the drive of saying 'yes' to My Son Jesus, the Christ.

On this day, I am upon the oceans of this beloved and agonizing planet, to tell humanity:

Enough! No longer hurt nature.

Enough! No longer instrumentalize human beings as if they were weapons in the hands of those who make wars.

Enough! No longer foster abortion and the loss of hundreds of small and innocent lives.

Enough! No longer discard your brothers and sisters of humanity.

Enough! No longer deforest trees, no longer contaminate the Earth, no longer intoxicate your own foods.

Enough! No longer divide families, no longer dissolve the love of your hearts, no longer practice evil.

Enough! No longer gratify your preferences, no longer traffic human beings, no longer sell animals, no longer sacrifice them.

Enough! No longer generate chaos, no longer be indifferent, no longer distance yourselves from the Love of God.

I say 'enough!' to you so that you may listen to Me, because there are still very closed hearts, but there also are wounded hearts.

Children, I pray for the planet and I pray for you. It seems that it is not enough to speak, but, as a good Mother, I will not tire, and, with all My angels, I will work to close the doors to evil.

My beloveds, I see at this moment all the difficult tests that the world is facing, and especially some peoples of Africa and the Middle East, which are stigmatized by their own brothers and sisters of humanity; something that does not allow them to move forward and rebuild their lives. But I also see the violence and aggression that are experienced today throughout all of society, attitudes that have caused the loss of values, not only of faith, but also of mutual respect.

Every day, I ask the angels of the Lord to fill with their Light the darkest spaces of this world, so that souls can count on help from within to remake their inner and external lives.

In these times, the family is a focus of division and hatred because, when love is dissolved within so many families, My adversary manipulates them and hurts them deeply.

This is why, My beloveds, we must each day more become allies of the prayer of the heart and pray for those who do not have the Grace of perceiving reality, because they have sold their souls to hell.

I also pray about this, but I also pray so that humanity does not continue condemning itself to the point that violence and death seem normal.

Through all My Mirrors, I transmute, every day, in Heaven and on Earth, the great impacts that are contrary to the Law, impacts that suddenly embrace hundreds of souls throughout the world, not allowing them to escape spiritual terror and mental persecution.

However, united to Me, beloved children, we will win this spiritual and physical battle, not with weapons, not with aggression, not with complaints nor with conflicts or with raising our voices. We will solve this planetary situation with neutrality, peace-bringing, love and faith. This, sooner or later, will deactivate the great craft of My enemy, because he will not have space nor place to sow division.

Children, be optimistic, do not be pessimistic. Attract the Love of God to your hearts because His Kingdom is approaching so that consciousnesses may be liberated from oppression and spiritual prison.

Do not lose faith, do not engage with criticism, comments, unnecessary use of words. Be intelligent, and foster the culture of inclusion rather than the culture of discarding.

At this moment, it is very necessary for you to recognize yourselves as brothers and sisters, to no longer close your hearts for any reason, and, in spite of everything, to trust in the Love of My Son, because His Love will always free you.

If all of humanity places its attention on all that I am saying to you, it will no longer be necessary to feel the weight of the cross, above all, it will no longer be necessary to feel the weight of the harassments.

Cling to My Mantle, place yourselves close to Me, because My Immaculate Heart will protect you.

Abandon yourselves to the Lord, because in Him lies the way out, the overcoming of any situation and the answer in the face of any test.

Children, I bless you again, I again entrust you with My Love of a Mother.

I am here, do not forget Me.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
