SPECIAL APPARITION OF THE VIRGIN MARY IN THE LOIRE RIVER VALLEY, CENTRAL REGION OF FRANCE, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE VIGIL OF PRAYER OF OCTOBER 24

In the name of the Father, the Son and the Holy Spirit. Amen.

As a refugee Mother, I come seeking consolation, the consolation that can be given to Me by My children, for whom I tirelessly and immediately pray, so that they may be protected under My Mantle, so that all may feel the caress of the Mother of God through Her serving and humble Hands, which I place upon your faces to encourage you to continue on.

Today, in an extraordinary way, I am here at this sacred church. I am here to bear testimony of the Presence of Christ in the Tabernacle, as well as in all Tabernacles of the Earth, in which My Beloved Son is recognized and adored.

Today, I come seeking this spiritual consolation of My children, because I need it.

Today, I come to ask you for this in a special manner, because I know that through My children and through the prayer of all consistent ones, all those who respond to My maternal call, I will be able, dear children, to relieve and help the souls who are unprotected at this moment, much more unprotected than you can imagine.

The lack of protection of My most innocent children causes indescribable pain in My Immaculate Heart; because today, once again, the Heart of the Mother is pierced by a spear, the spear of human cruelty, the cruelty that some of My children practice in the world today, causing disgrace, suffering and very great despair to all the mothers who lose their children, especially the mothers that suffer and have to endure war.

Another reason for being here today, dear children, is so that you may accompany Me in pilgrimage to Lourdes, because it is imperiously necessary for humanity to achieve spiritual healing.

May the spiritual healing that Lourdes provides to souls reach as many inner worlds as possible, especially those who are suffering war and mortal persecution at this moment.

Today My Holy Land, the Sacred Land of all, is divided and dissociated. The land on which My Son stepped with His Feet, walked and went on pilgrimage to meet the most needy and most unprotected of that time, to announce His Gospel of salvation to the fallen hearts.

Today, My Holy Land is being invaded and persecuted, because it is the land of all religions and all creeds, of all those who seek the essence of God's Love.

Today, this land is once again filled with blood and, just as it was in the flagellation of Jesus, the Mother of Jesus collects, through Her Mantle, the innocent blood that is shed, so that it may be deposited in the chalices of all martyrs of Heaven.

Dear children, I invite you to Lourdes not just for one more pilgrimage. Today, I invite you to Lourdes so that you may accompany Me in this spiritual task that is an emergency for Me, and I know that to some extent you will not be able to understand it. However, follow in My footsteps of a Mother, the footsteps of the Consoling and Co-redemptive Mother, because through the Spiritual Spring of Lourdes, I need not only that the surface of the Earth may be purified of so much evil transmitted, but also that the souls of the innocent and martyrs who are stuck on the lower planes after having lived through terrorism and persecution, may be elevated in Glory to the Heavens. And this is the task of the Mother Mediator and Intercessor of hearts.

This is why I come here in an extraordinary way to announce to you this spiritual request of the Immaculate Heart of Mary, so that this war may not reach dimensions that cannot be controlled later on.

In the meantime, dear children, My Mantle remains stained by the blood of the innocent, and I will take it to God as an offering for the reconciliation of those who are lost and fallen, for the redemption of those who are condemned to the fire of hell, after having committed this grave and delicate action. Because what remains on the etheric plane of the planet is an energy of evil that is very difficult to transmute. In this way, peoples and nations are intoxicated by this vibration.

This is why it is important to live the prayer of the heart in this time, and ask for all sinners and condemned in the world, so that they may have the Grace of the opportunity to be forgiven by Christ, My Son; because your Divine Mother wants good for all Her children, without exceptions or conditions. She wants this good so that all may be in peace, in the happiness of living in the Kingdom of the Heavens, although they are on Earth.

Because although My Heart today is pierced by the spear of human cruelty in this time, your Divine Mother brings you the Kingdom of the Heavens in this place, just for a moment, so that you may commune with Divine Purpose and, through this Purpose, you may live the Will of God that has been written for each one of My children since the beginning.

On this special Vigil of Prayer for Peace in the Nations, your Heavenly Mother collects the prayer of all Her children, as the last chance for the salvation of humanity so that the Law of Justice may not descend, because it is a Law absolutely unknown to all.

Despite the pain of My Heart, I ardently wish that all My beloved children may have the Grace of continuing to know Divine Mercy, so that this Divine Mercy may liberate them completely. This is My yearning, dear children.

The angels of Heaven, at this moment, are still collecting the blood of martyrs and of the innocent through chalices, because someone, in this universe, must justify this terrible human cruelty.

And before the Most Blessed Sacrament, before the Eucharistic Body of Jesus, which today we contemplate and adore together in a special way, I come to ask, kneeling before the Eternal Father, for Him to have Pity and Mercy not only on those who have unjustly died in the world, not only because the law of condemnation and death continues to be experienced, but I also come to ask for those who are condemned and live evil, because deep down, they are hearts that have distanced themselves from the Love of God, and at this moment live the law of revenge and impunity.

Dear children, these situations and vibrations are the most difficult ones for the Hierarchy to transmute. This is why the sacred spirit of prayer will always relieve these terrible sorrows and open

a tiny door of Light in the great abyss of planetary darkness.

There cannot be peace in the world while there are martyrs in the world today. There cannot be good in the world while there is impunity in the world. But keep working faithfully with the prayer of the heart. Because this is the time, dear children, after having lived in My school of prayer all these years, for you to practice this exercise with consciousness, and not just as a discipline or commitment.

It is necessary that the prayer of the heart burns within you, so that the Word of God may resound in you time and again, whenever it is necessary. In this way, you will be transformed and converted into true apostles that allow the Divine Energy to transfigure you completely, although you are still living the human condition.

Have faith in the sacred science of the Sacraments that My Son gave you. Have faith in the incalculable power of the Most Blessed Sacrament of the Altar, because each time you are before the Most Holy Eucharistic Body of Christ, your hearts will be liberated and will help liberate the world from these ideologies and terrible ways of life. Remember, dear children, that the Human Project needs to be rebuilt and repaired.

The Lady of Israel invites you today to walk barefoot, divested of your intentions and preferences, empty of heart, so that the All, the Supreme, may fill you. This will be the fundamental attitude, the essential attitude that will help you to go through these painful times. In this way, you will always be able to invoke the Sacred Light of Hope and Love of God, so that the neediest souls may be touched by this Light of Hope and Love of God.

I will go to Lourdes to wash My Garments, so that the blood of the most innocent and martyrs may be purified by the water of Massabielle, so that the divine and spiritual healing that I left to be held through Lourdes may flow as an inexhaustible spring, as a spiritual spring upon the world situations that do not have a solution today. Because the power of Love can convert and transform everything when you simply have faith in the Love of Christ.

Today I speak to you about the Middle East because it is a grave situation for God, because He placed His Word and His Message there. God, through His Heart, reflected His Call for all souls of the world there, and this must not be in vain, dear children. This has an incalculable responsibility before the Law.

But I want to tell you that your Heavenly Mother also contemplates the grave errors that take place in Africa and the oppressive slavery that some nations of Latin America live. Do not forget that My Gaze is upon all and everyone, and that the Mother of God has no preference, but rather Love.

In this time of planetary darkness, may the power of prayer and adoration burn again in you, so that the Higher Laws may stabilize the disasters of the planet, and love may not completely disappear from humanity.

If this should happen, My Heart will be completely torn, and the cry of the Mother of God will be heard throughout the universe, just as God heard the cry of Mary on Mount Calvary, when Her Only Beloved Son was nailed to the Cross.

May the Divine Blood of Jesus purify these times and this moment.

May the Rays of Mercy prevail over evil.

May the Rays of Grace transcend impunity, because no human being on this surface can live without Love, for the Love of God is life. The Love of God is the spiritual impulse that motivates you to continue on despite the times of tribulation, despite the consequences.

This is why I ask you not to forget that the Love of God is at stake in this world and it is humanity that is removing it from itself. Do not forget that you must love one another, just as My Son loves you and as I love you.

Therefore, may Love always live among you. Be a testimonial of the Love that I bring to you today and remember the innocent and martyrs, whose love and life were taken away. Thus, love more than you think you love, more than you think you know.

Love is infinite, Grace is invincible, and this is what I want to say to the world.

Let us reinforce prayer for the Middle East. I am attentive, once again, to the voice of supplications.

I thank you for responding to My call!

Let us pray for peace.

Prayer: "Universal Mother" (in Spanish, Portuguese and English)

In the name of the Father, the Son and the Holy Spirit. Amen.
